### Glossary of Terms

PVC:	Polyvinylchloride (PVC) polymer, which is simply basic plastic, and is, by nature, relatively rigid.
Homogeneous:	Vinyl that is of uniform structure, one single layer, and solid colour composition throughout. Requires to be permanently laid.
Heterogeneous:	Heterogeneous Vinyl floorcovering is a multi-layer product. Usually suitable for loose-laying, semi-permanent or permanent installation.
Floor Speed:	Dancers, teachers and choreographers will often describe a slippery floor as fast, not ideal for ballet. A fast floor is much appreciated by ballroom and some theatrical styles that require a degree of slide to execute the steps.
Marbleised:	Having a marbled or multi-coloured pattern.
Indent:	Order for goods placed often through a local or foreign agent of a foreign supplier under specified conditions of sale, the acceptance of which by the supplier (or the agent) constitutes a contract of sale. Lead time usually 12 weeks.
Lead time:	Period of time taken to manufacture, order or obtain goods.
